In Haiti

MADO Haitian Life comes to the Pacific Northwest

Zion Lutheran School in Lake Stevens, Washington hosted Rev. Daniel Paul's daughters last spring.

Over 200 students (kindergarten-8th grade) learned about life in Haiti and at MADO from Saraï and Whitney Paul who are studying at Eastern Oregon University in La Grande, OR. After the assembly, Saraï and Whitney answered questions in the classrooms. Zion students have prayed and supported

NEHLM for many years.

NEHLM is blessed to have these two young Haitian women who lived at MADO studying in the USA and for their ability to give first hand accounts to supporters. If your church would be interested in having Saraï or Whitney speak, please reach out to NEHLM. Please see page 3 for contact details.

STUDENT OF THE QUARTER

Fleurinord Renacheca was born in Gonaïves on December 03, 2010. She is currently in two secondary (which is equivalent to 10th grade USA). She is an exceptional student who consistently ranks first in her class. She is known for her diligence and the quality of her lessons and demonstrates great wisdom.

She is also a role model, respecting her teachers and classmates.

Renacheca lives at the MADO orphanage and she is a member of the Lutheran church. She enjoys reading the Bible and studying her lessons. Her goal is to complete secondary education so that she can then begin university studies. May God richly bless you.

Where they are now....the orphans who are growing up. Here are a couple highlighted. We celebrate their coming college graduations!

Dear Sponsor,

I hope you're doing great. As we get close to the end of the year, I just wanted to say thank you for all your support. It has really helped me, and I'm very grateful.

I also want to give you a little update about how things are going. School has been going well and I only have one class left before I finish my program. My graduation date is June 6, 2026. I'm excited and proud of how far I've come, and I appreciate that you've been part of this journey.

I would also like to wish you a warm and joyful Christmas and a happy holiday season. I hope you enjoy this time with your families and loved ones. Thank you again for everything.

Warmly,
Marguerite Maniella Paul
Marguerite attends PUCMM in Nutrition.

Treasurer's Report

We thank you for your donations and regular support of the ministry in northeast Haiti. We are blessed with the gifts to be able to send down monthly support for the orphanage, school and church; along with gifts to help maintain the ministry and upkeep of the property. We currently have supporters that give monthly as part of the orphanage sponsorship program and specific gifts for meeting the needs of the school and church. Thank you. We recently have started the process of transitioning over to a different processing platform for online donations. This was to ease computing and correspondence for our organization and its donors. We have sent an email out to online donors to encourage them to switch over to the new program. For all donors, the webpage is set up with the new platform which allows the donor to be in more control of the donation and specific projects can be designated. Follow the link via QR code or visit <https://www.nehlm.org/sponsorgive> and click the Donate Online box. If you have specific questions or concerns, please contact us.

Year end giving fundraiser has been determined by the board as allocated to Pre-K- Filo education at our schools in Ouanaminthe and Baja. Follow the link for specific year-end gifts.

College Corner (from page 2)

Bendjenie (pictured in the photo at the top right, Bendjenie is on the far left) attends PUCMM in Santiago as Physician; she has finished academics and is now in an internship. She writes: "Dear Sponsors, I hope you are doing well. I am pleased to share an update on my academic progress. I am currently advancing in my internship, and things have been going very well. I now have five months left to complete my internship, and my anticipated graduation date is June 6, 2026. I truly want to express my heartfelt gratitude for your continuous help, and support; your generosity has opened doors for me and has made a meaningful difference in my education and personal development. I wish you and your families a wonderful Merry Christmas and a joyful, healthy, and successful New Year."

Elanie has successfully completed all her courses in dental school and is now doing her internship. (Elanie below left with a young patient.) She writes: "I send big greetings for you all in the name of Jesus Christ. I just want to thank you for your support. This semester was one of my hardest ones yet but thank God I am in the corner of graduation. I was able to accomplish my final project and also presented it to my teachers.

Next semester will be my last semester in dentistry school and I will be graduating from college as a dentist June the 6th, (2026)."

Norvia attends UTESA in Santiago for business.

We have about 10 other students that Rev. Daniel Paul and the ministry help in some part with school housing etc. attending nursing school in Pignon Haiti, teacher university in Cap Haitain, or trade school in Ouanaminthe.

Without the support over the years, none of these students would have been able to succeed. They are now looking at how they can serve others in their chosen fields, help stabilize their community and country, and share God's word.
